MEDICAL DEBT PROTECTIONS

No one should face financial ruin because they got sick or had an accident. Passing medical debt relief and protections would give North Carolinians peace of mind that they can access quality, affordable health care and focus on healing.

North Carolinians
need to heal without
worrying about
medical debt

One in four
North Carolinians of
color have medical debt
in collections

NC has the 4th highest
percentage of people with
medical debt in collections
among all states

One in five
North Carolinians
have medical debt
in collections

Our state has the 20th
highest hospital prices in
the country while wages
rank only 40th

North Carolinians
need affordable
healthcare
and higher wages.

ASK THE CANDIDATES

- If elected, what would you do in your role to protect North Carolinians from medical debt?
- What do you believe is the role of policy in preventing medical debt and extraordinary collections?
- Can you talk about one to three policy changes that can make healthcare more affordable for everyone so that they don't go into medical debt?
